

## User Experience Designer focused on ways to bring better solutions

### Education

Feevale University; Bachelor;  
2021, Design

### Mission

Improve experience by engaging with as many people possibly, understanding all scenarios, and offering accurate solutions using real data.

### Experience

**Plantech** 2022 - Present  
UI/UX Designer

Responsible for making proposals for possible improvements to the system and new features through prototypes, validations with customers, personas, making adjustments and internal communication. Responsible for proposing, developing and validating new Design System.

**Feevale** 2021 - Present  
UI/UX Volunteer Designer

Working as a UX/UI Designer on a project between Feevale University and the UN, with the aim of developing an educational game that will be used mainly to teach about the SDGs, one of our goals is to make it as accessible as possible.

**Gvdasa** 2020 - 2021  
UI/UX Designer Jr.

Responsible for creating high-fidelity prototypes for new features, through internal validations and presentations;
